

# **Orange County Magical History Loop Tour with fun trivia questions**

By Jay Mackro, 2018

## **General Instructions**

This is a fun site-seeing tour in and out of the suburbs and through the back country of Orange County.

There won't be on many open roads with the exception of Santiago and Modjeska Canyon roads.

Speaking of Modjeska, be careful making the left turn from Modjeska Grade back onto Santiago Canyon. Also note that there are no services along Santiago Canyon, so start that stretch with a full tank and an empty bladder. The directions mention that last gas station before the dead zone.

There are no specified breaks until near the end, when we stop at the Ocean Institute in Dana Point Harbor. Bathrooms there; otherwise, you'll have to improvise along the route. The directions note the Chevron station on E. Chapman, corner of Jamboree, which is the last gas before the canyon roads.

The trivia questions are strictly for fun [but in the initial running of this tour, prizes were awarded for the most correct answers]. The questions are interspersed with the directions.

## **Driving Directions**

**Starting Point: Crystal Cove Shopping Center, 7845-8085 East Coast Highway, Newport Beach, CA 92657**

- Leave Crystal Cove Center going north Pacific Coast Highway
